

Fear or Fashion?

Years 7 & 8 - May 2007

The Circle Program was delivered in PSHE to students in Years 7 and 8 for the first time this year. Facilitated by Simon Grant & Yomi Sode from Kickstart, students experienced a series of workshops that gave them an opportunity to discuss their thoughts and concerns about crime and how it affects their communities. Many of the students said that the discussions held in class helped them to change their views and perceptions about gang culture and that they felt more aware of the risks involved if you choose to carry a knife.

We hope our students feel better equipped to deal with these issues and look forward to setting up the YAG (Youth Action Group) - watch this space....
